

St. Francis De Sales School

SFS Connect • HALF-YEARLY MARK ENTRY GUIDE • Classes III to X

This guide shows how to enter **Half-Yearly exam marks** in the SFS Connect app. It is for all **Subject Teachers** and **Class Teachers** of Classes III to X. Please follow the section for your role.

Before you start

- Use a phone or laptop with internet (Google **Chrome** recommended).
- Open the **school portal link** shared by the office and log in as usual.
- Keep your **Teacher ID** (e.g. SFST003) and **password** ready. Never share your password.
- This round is **HALF-YEARLY only**.

FOR SUBJECT TEACHERS

- 1 Log in** to the school portal with your **Teacher ID** and **password** (the same login you already use).
- 2** In the side menu, tap [**Half Yearly Marks Entry**]. You will see your subjects, each marked **Term: Half Yearly**.
- 3 Open your subject.** Tap [**Enter Marks →**] next to the subject. The full student list opens.
- 4 Enter the marks.** For every student:
 - Type marks in each column. The top of each column shows the **maximum** (e.g. IA /10, UT /30, TE /60; senior Classes IX–X: IA /20, TE /80).
 - The **Total** is calculated for you automatically.
 - For a **grade activity** (e.g. P.E., Aptitude, Val. Edu./Catechism), pick a **Grade** (O, A+, A, B+, B, C) from the dropdown instead of typing marks.
 - If a box turns **red**, your number is above the allowed maximum — correct it.
- 5 Save your work.** Entries save automatically as you go. To be safe, tap [**Save Draft**]. You can close the app and continue later — your draft is kept.
- 6 Submit when finished.** Once **every** student is filled, tap [**Submit to Class Teacher**], then [**Confirm Submit**]. **After you submit, you cannot edit these marks — check carefully first.**

Special: shared subjects (Khasi/Alt. English & Val. Edu./Catechism)

Khasi / Alt. English and Val. Edu. / Catechism have **two teachers**. You will both see the full class list.

- Enter marks **only for your own students**. Leave the others **blank**.
- A student already entered by the other teacher shows a small **lock** and is greyed out — you cannot change it (and yours lock for them).
- Then submit as normal. The blank rows belong to the other teacher — that is correct.

FOR CLASS TEACHERS

- 1 Log in** to the portal, then tap [**Half Yearly Marks Entry**]. Your class appears at the top.
- 2 Check submissions first.** Make sure **all subject teachers have Submitted** their marks before you lock anything.

- 3 Open your class.** Tap [**Review & Lock Records**] (then [**Review & Lock HY →**]) to open the full class list with every subject, totals and rank.
- 4 Fill the class-teacher parts.** Open each student and fill the items only you handle — co-scholastic grades (if not already done), **attendance**, and **remarks**. Rank is calculated automatically. Tap [**Save Draft**] in the student form.
- 5 Lock each student.** When a student record is complete, lock it (Fill & Lock). When everything is ready, tap [**Lock All**].
- 6 Send to office.** Tap [**Push to Admin**] to send the locked results to the office for report cards.

Who does what

Subject Teacher Enters marks/grades for your assigned subjects only , then submits to the Class Teacher.	Class Teacher Oversees the whole class: checks submissions, fills co-scholastic / attendance / remarks, locks the records, and pushes to admin.
---	---

What happens after you are done

Subject teachers **Submit** → Class teacher **Reviews & Locks** → Class teacher **Pushes to Admin** → Office **releases report cards**.

***Remember:** once you Submit or Lock, you cannot edit — always review before you confirm.*

Golden rules

DO • This round is Half-Yearly only — use the "Half Yearly Marks Entry" menu. • Tap Save Draft often. • Double-check before Submit / Lock. • A red box means the mark is above the maximum.	DON'T • Share your password. • Submit before all your students are filled (except shared subjects). • For shared subjects, fill students that are not yours. • Use this for Final Term — this is Half-Yearly only.
